

# Supervisor of Elections

The Supervisor of Elections is one of five Constitutional Officers in each Florida county. We are responsible for conducting Federal, state, and local elections.

The duty of the office of the Supervisor of Elections is to uphold the Election Laws of the State of Florida and the Constitution of the United States.

The following mission and core values were developed by Kaiti Lenhart, Supervisor of Elections, in 2015 with a focus on improving the voting experience in Flagler County.

## MISSION

The mission of the Supervisor of Elections is to encourage citizen participation and enhance public confidence by conducting fair, secure, and accurate elections.

## CORE VALUES

- Provide nonpartisan services to all voters and support a positive voting experience.
- Apply the highest standards in regards to ethics, integrity, and professionalism.
- Encourage civic participation through voter education programs designed to engage citizens of all ages.

# Flagler County Elections Office

**Kaiti Lenhart**  
FLAGLER COUNTY SUPERVISOR OF ELECTIONS

The most current elections information is always available online:  
**[www.FlaglerElections.gov](http://www.FlaglerElections.gov)**

# Voter Registration

# Three Ways to Vote

In order to vote in an election, you must be a registered voter 29 days before that election takes place.

You have several options to register to vote. Use the Florida Online Voter Registration System to register at [FlaglerElections.gov](http://FlaglerElections.gov) or fill out a paper application at the Elections Office. There are other locations throughout the county where you may register: Driver license offices, public libraries, and state offices that serve persons with disabilities. You may also register by mail. Printed registration applications are available at post offices, schools, libraries, city halls, community centers, as well as many businesses throughout the county.

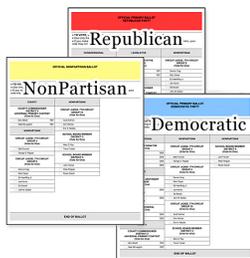

## YOUR VOTER REGISTRATION STATUS

It is important that the Elections Office has your most current information. Have you moved recently? Has your name changed? Is your signature current? Do you need to update your party affiliation? Use online voter registration or a paper application to make any necessary changes.

View your voter status and find out how to make any necessary changes here: [www.FlaglerElections.gov/vote](http://www.FlaglerElections.gov/vote)

## CLOSED PRIMARY ELECTIONS

Florida is a closed Primary state. Only registered party members may vote for partisan offices during a Primary Election. For example, only registered Republicans may vote for Republican candidates, only registered Democrats may vote for Democratic candidates.

All registered voters may vote for nonpartisan offices and any amendment items, regardless of political party affiliation. **Primary Elections are very important!** Never skip the Primary! Nonpartisan judicial and school board offices are often decided during a Primary Election.

There are three ways to exercise your right to vote in Florida. Don't forget your photo & signature ID!

## VOTING BY MAIL

Any registered voter may choose to vote by mail. A mail ballot may be requested for a specific election or all elections through the next regularly scheduled General Election. Only the voter, a designated member of their immediate family, or legal guardian can request a ballot for the voter. The request deadline is 12 days before Election Day.

If you have recently registered to vote and have not shown ID, you will be required to send a copy of your ID along with your voted mail ballot.

The U.S. Postal Service **does not forward** mail ballots, therefore you must provide your mailing address at the time of the request. Ballots mailed to an address other than the voter registration record address require a voter's signed, written request form.

The voter must personally vote their own ballot (unless assistance is required due to disability) and the voter must sign the return envelope. Power of attorney is not recognized for voting in the state of Florida. The signature on each returned ballot envelope will be verified by Elections Office staff before the ballot can be counted.

## VOTING EARLY

Before each county-wide election, you may vote at any of our designated early voting locations. Locations will be available in different areas of the county for your convenience. The early voting schedule varies by election, so plan ahead to be election ready. The schedule can always be found at: [www.FlaglerElections.gov](http://www.FlaglerElections.gov)

## VOTING ON ELECTION DAY

On Election Day, you must vote in your assigned precinct. This information is listed on your Voter Information Card or you can locate your precinct by using our precinct finder lookup tool online: [www.FlaglerElections.gov/precinct-finder](http://www.FlaglerElections.gov/precinct-finder)

## Frequently Asked Mail Ballot Questions

### Are mail ballots counted?

Yes! Mail ballots are received, verified, and counted in every election. In fact, they are among the first results you see on Election Night, along with early voting results. The signature on the returned ballot envelope must match the voter's signature on file. Each one of the thousands of mail ballot envelope signatures are reviewed by trained Elections Office staff, a process which takes many hours.

### Have more questions about mail ballot security?

Visit [FlaglerElections.gov/FAQ](http://FlaglerElections.gov/FAQ) to learn more.

### When will I receive my ballot?

Ballots for overseas voters are mailed 45 days prior to an election. Ballots for all other voters are mailed between 40 - 33 days prior to an election.

### How can I return my ballot?

Mail ballots can be returned by mail, secure drop box, or hand-delivered in person to the Elections Office. A secure drop box is monitored by staff at the Elections Office prior to each county-wide election, during office hours. Secure drop boxes are also available at early voting locations during early voting hours. Your ballot must be received in the Elections Office by 7:00 p.m. on the day of the election for your vote to count. A voted mail ballot cannot be dropped off at Election Day voting precincts.

### Can I track my ballot?

Yes! View the status of your mail ballot and make sure it has been received with our online tracking service:

# Election Security

## Protecting Your Vote!

Learn more about the security of your elections in Flagler County:

[FlaglerElections.gov/security](http://FlaglerElections.gov/security) >>>

Our nation's elections were designated as critical infrastructure by the Department of Homeland Security in January 2017.

This designation allows local election officials many free resources, including access to the latest cybersecurity and intelligence information.

The Supervisor of Elections Office has developed a strong partnership with the DHS to improve our security protections.

Continuing security improvements are necessary to ensure fair, accurate, and secure elections for Flagler County voters. In addition to equipment and software upgrades, our network design allows for a complete reconciliation of ballots cast versus total voter turnout.

The voter registration database and vote tabulation database are maintained independently on separate servers.

The tabulation server is held in a closed network with no Internet access.
